

## Safety Bundle Courses

### 1. Food Safety

This bundle of courses is specially designed to teach you various aspects of Food Safety in very interactive way. This training covers details of HACCP, sanitization, hygiene, allergens, foodborne illnesses and microorganisms.

Courses included are:

- Food Safety: Introduction
- Food Safety: HACCP
- Food Safety: Cleaning and Sanitizing
- Food Safety: Personal Hygiene
- Food Safety: Maintenance and Sanitation
- Food Safety: Foodborne Illness
- Food Safety: Dangerous Microorganisms
- Food Safety: Allergen Control
- Food Safety: Ensuring Quality
- Food Safety: Facility Security

### 2. Process Safety Management

This bundle of courses is specially designed to teach you all the aspects of Process Safety Management (PSM) in very interactive way. This training covers details of all 12 elements of PSM with real industry examples.

Courses included are:

- Process Safety: Protecting Employees
- PSM: Overview
- PSM: Process Technology
- PSM: Quality Assurance
- PSM: Process Hazards Analysis
- PSM: Emergency Planning and Response
- PSM: Mechanical Integrity
- PSM: Prestart-Up Safety Review
- PSM: Operating Procedures and Safe Practices
- PSM: Contractor Safety
- PSM Auditing for Employees
- PSM: Management of Change - Technology and Facilities
- PSM: Management of Change - Personnel

### **3. Confined Space Entry**

This bundle of courses is specially designed to teach you all the safety aspects while doing Confined Space Entry in very interactive way. This training covers details of atmospheric testing, ventilation checks and planning and preparation ensuring safe confined space entry.

Courses included are:

- Confined Space Atmospheric Testing
- Confined Space Ventilation
- Confined Space Entry: Plan and Prepare
- Safety Matters: Confined Space Entry
- Take Two...for Safety A New T.A.K.E.: Confined Space

### **4. Electrical Safety**

This bundle of courses is specially designed to teach you all the aspects of Electrical Safety in very interactive way. This training covers details of handling electric power in industrial set up. Real like case studies are discussed in detail regarding past accidents such as arc flash, etc.

Courses included are:

- Electrical Power Generation
- Electrical Safety for the Qualified Worker
- ELECTRICAL CASE HISTORY
- Safety Matters: Electrical Safety
- Safety Matters: Arc Flash
- Take Two...for Safety A New T.A.K.E.: Electrical Safety

### **5. Maritime Safety**

This bundle of courses is specially designed to teach you all the aspects of Maritime Safety in very interactive way. This training covers details of special PPE requirements, signalling, driving and cargo handling in maritime environment.

Courses included are:

- Personal Protective Equipment on the Waterfront
- Preventing Drug and Alcohol Abuse -Waterfront
- Working Around Vehicles Safely – Waterfront
- Safe Driving on the Waterfront
- Ready to Work on the Waterfront
- Working Safely around Railcars – Waterfront

- Signaling on the Waterfront
- Foresee Your Safety: Maritime Safety
- Be Prepared: Maritime Safety
- It's An Emergency: Maritime Safety
- Beware of Dangerous & Hazardous Materials: Maritime Safety
- Gear Up for Safety: Maritime Safety
- Vehicle Operations: Maritime Safety
- Working Around Vehicles: Maritime Safety
- Container Railcar Safety: Maritime Safety
- Bulk Rail Safety: Maritime Safety
- Ro-Ro Cargo Handling: Maritime Safety
- Working With Steel Cargo: Maritime Safety
- Working with Logs: Maritime Safety
- Bulk Operations: Maritime Safety

## **6. Safe Driving**

This bundle of courses is specially designed to teach you all the aspects of Safe Driving in very interactive way. This training covers details of emotional and physical aspects related to safe driving. Various case studies have been discussed as well for better retention of factors listed for safe driving.

Courses included are:

- Before You Turn the Key
- Emotional Wreck
- Driven to Distraction II
- Golf Cart and LSV Safety: On and Off the Course
- Game Over
- Distracted Driving: Rewind
- SAFE DRIVING: TAKE CONTROL

## **7. Hazard and Incident Investigation**

This bundle of courses is specially designed to teach you all the aspects of Hazard Identification and Incident Investigation in very interactive way. This training covers details of different types of hazards present in workplaces and detailed process to investigate any incident which has taken place.

Courses included are:

- Hazard Recognition for Utility Workers
- Hazard Recognition and Control

- Controlling Hazardous Situations
- Employee Involvement: The Key to Safety
- Incident Investigation: Getting Started
- Incident Investigation: Forming an Effective Team and Gathering Information
- Incident Investigation: Analysing the Facts and Causes
- Incident Investigation: Recommendations, Communication and Follow-Up

## **8. Basics of Workplace Safety**

This bundle of courses is specially designed to teach you the Basics of Workplace Safety in very interactive way. This training touches all the various aspects of hazards and safety measures everyone must of aware of before stepping into the workplace.

Courses included are:

- Take Two...for Safety A New T.A.K.E.: Driving
- Take Two...for Safety A New T.A.K.E.: Hazard Recognition
- Take Two...for Safety A New T.A.K.E.: Hazard Communication
- Take Two...for Safety A New T.A.K.E.: Strains and Sprains
- Take Two...for Safety A New T.A.K.E.: Bloodborne Pathogens
- Take Two...for Safety A New T.A.K.E.: Personal Protective Equipment
- Take Two...for Safety A New T.A.K.E.: Slips, Trips and Falls
- Take Two...for Safety A New T.A.K.E.: Back Safety
- Take Two...for Safety A New T.A.K.E.: Hearing Protection
- Take Two...for Safety A New T.A.K.E.: Emergency Evacuation
- Take Two...for Safety A New T.A.K.E.: Harassment in the Workplace
- Take Two...for Safety A New T.A.K.E.: Ergonomics
- Take Two...for Safety A New T.A.K.E.: Hand Safety
- Take Two...for Safety A New T.A.K.E.: Travel Safety
- Take Two...for Safety A New T.A.K.E.: Lockout/Tagout
- Take Two...for Safety A New T.A.K.E.: Fall Protection
- Take Two...for Safety A New T.A.K.E.: Arc Flash
- Take Two...for Safety A New T.A.K.E.: Personal Protective Equipment
- Take Two...for Safety A New T.A.K.E.: Confined Space
- Take Two...for Safety A New T.A.K.E.: Safety Orientation
- Take Two...for Safety A New T.A.K.E.: Forklift Safety
- Take Two...for Safety A New T.A.K.E.: Slips, Trips and Falls
- Take Two...for Safety A New T.A.K.E.: Fire Safety
- Take Two...for Safety A New T.A.K.E.: Hearing Protection
- Take Two...for Safety A New T.A.K.E.: Stairways and Ladders
- Take Two...for Safety A New T.A.K.E.: Electrical Safety
- Take Two...for Safety A New T.A.K.E.: Chemical Handling

- Take Two...for Safety A New T.A.K.E.: Emergency Evacuation
- Take Two...for Safety A New T.A.K.E.: Welding Safety
- Take Two...for Safety A New T.A.K.E.: Heat Stress
- Take Two...for Safety A New T.A.K.E.: Machine Guarding

## **9. Office Safety**

This bundle of courses is specially designed to teach you various aspects of Safety in office environment. This training covers details on ergonomics, first aid, emergency response, CPR and AED, housekeeping and slips/trips/falls.

Courses included are:

- Workplace Ergonomics
- Safety Matters: Portable Fire Extinguishers
- Medical Emergencies: Citizen Responder
- First Aid
- Safety Matters: CPR and AED
- Safety Matters: Strains and Sprains
- Housekeeping Safety: A Team Approach
- Safety Matters: Office Safety
- Safety Matters: Small Spills and Leaks
- Safety Matters: Slips, Trips and Falls
